

TILLMAN USES FIGHT IN SENATE

SENATOR MARTIN OF VIRGINIA GETS SUPPORT FOR APPROPRIATIONS CHAIRMAN.

COMMITTEE COMPLETES WORK

South Carolinian Finds Name at Head of Naval Affairs Body—May Not Accept.

Washington, March 14.—Senator Benjamin R. Tillman of South Carolina today lost his long and hard fight for the chairmanship of the powerful senate committee on appropriations. The Democratic committee list completed tonight by the "steering" committee headed by Senator Kern, accords the appropriations chairmanship to Senator Martin of Virginia, and places Senator Tillman at the head of the committee on naval affairs.

The decision of the committee will not be accepted by Senator Tillman, it is understood. A Democratic caucus has been called for 10:30 tomorrow morning, when the committee list will be presented to the full Democratic membership of the senate. It is expected that Senator Tillman, counting upon support of four or five members of the "steering" committee will lead a fight in the caucus to overthrow the committee's decision.

The chief reason for supporting Senator Tillman, who headed the list of Democrats on the appropriation committee, is understood to have been the belief that his health would not enable him to undertake the severe tasks attached to the position. Radical changes in the method of controlling senate legislation and committees, which formed the basis for the so-called progressive Democratic reorganization fight begun last December, were approved by the Democratic managers and will be offered for adoption by the caucus tomorrow. These recommendations are:

All committee chairmen shall be elected by the Democratic committee to appoint all chairmen; a majority of the Democratic members may call a meeting of the committee at any time; members of committees shall be selected by the Democratic majority of the committee having charge of the legislation in question; "steering" committee members shall be selected by a Democratic caucus instead of through appointment by the caucus chairman.

Appointments by the "steering" committee to fill vacancies on all senate committees must be passed on by the full caucus.

The recommendations to be made constitute important departures from the practice that has prevailed in the senate and are similar in many ways to the changes that were made in the house at the beginning of the last congress.

PERSONNEL OF COMMITTEES

The committee personnel of the leading committees including Democrats and Republicans, has been agreed upon as follows:

Appropriations—Democrats: Senators Smith, Virginia, chairman; Tillman, South Carolina; Chilton, Texas; Overman, North Carolina; Owen, Oklahoma; Smith, Maryland; Chilton, West Virginia; Lea, Tennessee; Bryan, Florida; Shaffroth, Colorado.

Republicans—Senators Warren, Wyoming; Perkins, California; Gallinger, New Hampshire; Smoot, Utah; Oliver, Pennsylvania; Dillingham, Vermont; Jones, Washington.

Commerce and Currency—(new) Democrats: Senators Owen, Oklahoma; Chilton, Texas; Nebraska; Overman, North Carolina; Reed, Missouri; Shaffroth, Colorado; Hollis, New Hampshire; Pomeroy, Ohio.

Republicans: Nelson, Minnesota; Bristol, Kansas; Burton, Ohio; Jones, Washington; Weeks, Arkansas.

Senator Clarke of Arkansas has been added to the finance committee and named as chairman of the committee on education and labor; Chamberlain has been selected for the committee on the public lands committee, and Senator Lea is slated for chairmanship of the committee on library.

MYSTERY UNSOLVED.

Police Probing Cause of Rear Admiral Eaton's Death.

Brockton, Mass., March 14.—New interest in the police investigation of the death of Rear Admiral Joseph G. Eaton was given by an expression from District Attorney Barker, who said the case was "a very serious one."

Mr. Barker's remark was a reply to rumors that the police had developed little by the secret inquiry which they are so diligently pursuing.

A physician was called twice today to the home of the widow at Norwell, but nothing as to the condition of Mrs. Eaton or her mother, Mrs. Geo. Harrison, both of whom are known to be ill, was made known.

MOB MAKES THREATS

ILLINOIS STATE TROOPS RUSH TO PROTECT GIRL'S ATTACKER.

Story of Jurist's Daughter, 14, Incites Citizens to Inflict Death Punishment.

Salem, Ill., March 14.—State troops were sent to Salem by Governor Dunne tonight to aid in quelling a mob that surrounded the jail and threatened to break it open.

Yuch Frank Sullivan, white, held on a charge of assaulting Dorothy Holt, 14-year-old daughter of Judge Charles Holt. The angry citizens became so incensed for possession of the prisoner that Sheriff Purcell telegraphed for the militia and Adjutant General Dickenson and a company of soldiers were sent on a special train.

To aid in preserving order, all the preachers and aidmen, in addition to several business men, seized all the whiskey and beer they could find and poured it into the gutters.

The victim of the attack was on her way from a moving picture show last night, when a man seized her by the throat, gagged her with a handkerchief and took her a mile and a half out of the town, to a slaughter house. The girl lost consciousness and remained in the slaughter pens until today. She finally regained her senses and walked home. She is in a serious condition.

Sullivan was arrested this afternoon. It is said he admitted that he dragged the girl to the slaughter pens, but did so for another man, who promised him five dollars and a drink of whiskey. The girl said she saw no one but Sullivan.

"GOLDEN RULE" CHIEF ON STAND

Kohler Gives His Explanation of Why He Was Found in Another's Home.

Cleveland, Ohio, March 14.—"Golden Rule" Chief of Police Fred Kohler was an eager witness at today's session of his trial before the civil service commission on charges of gross immorality and conduct unbecoming an officer and a gentleman. His story of his actions at the home of Samuel D. Schearer on the night of June 5, 1912, while alone with Mrs. Schearer, concluded the testimony. The commissioners are expected to render a decision tomorrow.

In a clear, rapid manner, Kohler told the story of his discovery in the Schearer home by Samuel Schearer. "I went to the Schearer home," said Kohler, "on the night of June 5, 1912, at the invitation of another woman to explain to that woman's husband a remark I had made to Mrs. Schearer that I had seen this woman in a downtown grill room with another woman and with a man not her husband."

"I found only Mrs. Schearer when I got there, and she said she had just been told I was coming. Soon after, while I was downstairs and Mrs. Schearer upstairs, I heard Schearer smash a window and come in. Then it flashed over me that this had been 'framed up'."

He denied having removed any articles of his clothing.

"Several months later I told these incidents to the only two people I cared about—my wife and Mayor Baker," he said.

Hyde Jury Remains Out.

Kansas City, March 14.—The fate of Dr. B. Clarke Hyde, on trial a third time charged with the murder of Col. Thomas H. Swope, millionaire philanthropist, was tonight still in the hands of the jury. After a full day of deliberation the jury reported that the process had been made. Judge Porterfield announced there would be no session of court tonight.

FEDERALS DEFEY REBELS ATTACK

SONORA STATE TROOPS EXPECTED TO START BATTLE AT SUNRISE.

HUERTA'S MEN OUTNUMBERED

General Ojeda Declares "We Will Fight," and Gives Orders to Prepare for Encounter.

Naco, Ariz., March 14.—With the remnants of the federal garrisons of northern Sonora—no more than 500 men—General Ojeda tonight is defying attack from more than 1500 state troops. At Naco, Sonora, just over the line, preparations are under way for the expected assault in the morning.

"We will fight," declared the federal commander, as he gave orders for immediate preparation late today. Trenches were dug near and fortifications were built on a hill commanding the approach to the town. The customs house and postoffice equipment were rushed to the American side and the railway company moved over all equipment.

With men of Agua Prieta garrison and refugee troops defeated at Naco, and El Tigre, Ojeda must confront 1500 constitutionalists moving against Naco in three divisions and eager to occupy the only remaining port on the Arizona border. Naco is a subordinate port to Nogales, located between Nogales and Agua Prieta. It is the terminal of a branch of the Southern Pacific of Mexico, which runs from Naco southwest to the mining centers of Cananea and Del Rio and northwest again to Nogales, where it connects with the Sonora road.

Late today General Ojeda with 80 men reconnoitered to locate the enemy. The state troops under Colonel Calles and Bracante, from Agua Prieta were reported only nine miles from the border port. Ojeda expects assistance from Cananea, where a federal garrison of 200 or 300 men is located, but the Cananea federals have permitted state troops to enter the mining town and so far have not moved to the assistance of their superior commander at Naco.

Ojeda previously had evacuated Agua Prieta in face of a strong advance of state troops. His retreat to Chihuahua is cut off and the news that Nogales has fallen makes his position still more difficult. To retreat south he is sure to encounter the strong groups of constitutionalists roaming the interior country.

DENIES REPORTED REVOLT.

Mexican Consul Gets News From Two States.

New Orleans, March 14.—Plutarco Calles, Mexican consul here, today received a telegraphic dispatch from Don Francisco de la Barra, secretary of foreign affairs of Mexico, denying the states of San Luis Potosi and Aguascalientes have revolted. Regarding the political situation, the secretary of foreign affairs says:

"With the exception of the authorities of the state of Sonora, who are occupying a certain part of the state, the balance of the country has recognized and submitted to the federal government."

The statement adds:

"It is particularly false that the states of San Luis Potosi and Aguascalientes have revolted."

Fighting at Chihuahua.

El Paso, Tex., March 14.—The state of Chihuahua is by no means peaceful. Reports reached here tonight of skirmishes between Viceroyals and constitutionalists in the district between Parral and Chihuahua City, while various expeditions are bound for the interior to assist the revolting insurgents troops in their warfare against the Huerta soldiers.

GIVE BENEFIT FOR SUFFERERS

Secretary of Navy Makes First Address Delivering Message From President Wilson.

Baltimore, March 14.—Secretary of the Navy Joseph Daniels this afternoon made his first public address since becoming a member of President Wilson's cabinet. He represented the president at a theatrical performance in the Academy of Music, for the benefit of the sufferers of the Alum Chine dynamite explosion last Friday. Actors from all the companies playing here gave their services and the entire receipts from the sale of tickets will go to the families of those who were killed or injured in the disaster. The theatre was crowded.

Mr. Daniels was the guest of Mayor President at a luncheon preceding the performance and the mayor introduced him at the theatre.

"President," Wilson requested me to say," said the secretary, "that he is very sensible of the spirit of the human sympathy prompting this generous movement for the alleviation of the suffering caused by the terrible catastrophe last week, a catastrophe which saddened the whole country."

In behalf of the government at Washington, and especially in behalf of the department of the navy, I have come here today to express the president's appreciation of this laudable manifestation of brotherly love and charity."

"And I would add to this message from the president my own grateful acknowledgement of the response to the cry of suffering by the generous-hearted citizens of this city. I must add an appreciation of the noble spirit which prompts the members of that profession always responsive to the cry of humanity in giving this entertainment to help those who were suddenly brought face to face with want."

Colquitt Goes to Aid of Kiss Thief, 15, Assessed \$100 Fine

Austin, Tex., March 14.—Governor Colquitt today deferred the sentence of \$100 and thirty days in jail imposed upon Ferris Price, a 15-year-old boy of Haskell county. Young Price was convicted of a misdemeanor charge about a year ago and the case has been in the courts, affirmed recently by the court of criminal appeals.

The misdemeanor charge preferred against Price was that of kissing a "school girl friend." The boy pleaded guilty with the expectation of lightening the sentence, but the penalty of \$100 and thirty days was affirmed.

The application for the boy's pardon came to Governor Colquitt today signed by many friends of the boy and urging that the sentence be withdrawn because of the ill influences of the association in boys' training schools. The governor deferred the charges until he makes an investigation.

Students' Trial on Charge Growing Out of Hazing Near End

Hillsboro, N. C., March 14.—Taking of testimony was concluded and argument of counsel was begun here today in the trial of Ralph W. Oldham, Aubrey Hatch and William Merriman, University of North Carolina students, charged with manslaughter in connection with the death during a hazing escapade of Isaac Rand, another student. Charges against Arthur Styron, jointly indicted with the other defendants, were dismissed today. This action was taken by the jury at the instruction of the court, who held the evidence against Styron was insufficient.

Only ten of the twenty-five witnesses for the prosecution had been introduced today, when counsel unexpectedly announced that the case was rested.

In argument today counsel for the prosecution contended that the defendants were guilty of manslaughter in that they forced Rand, against his will, to the place where he met his death. Counsel for the defense asserted that Rand's death was purely accidental. The case probably will go to the jury tomorrow.

ROOSEVELT GIVES ORDERS

Progressive Congressmen Must Stay Apart From Other Parties. Declares Colonel In Speech.

Philadelphia, March 17.—Congressmen elected on the progressive ticket were told today that they are expected to make a separate party and remain apart from the other parties by former President Roosevelt in his speech at the banquet held here tonight under the auspices of the Pennsylvania State progressive conference.

Declaring that it would be necessary to go back to civil war days to find times like the present, Colonel Roosevelt said:

"There have been three great movements of righteousness in this country, the time it was inaugurated and the time it was saved, and now when it is being dedicated anew to the average men and women who compose it."

Weather Indications

HA' HA' WISHT I COULD TELL YOU THAT JOKE I MEAN TO DO. I'VE BEEN BOUT A HEN CROSS IN THE ROAD—HO! HO! HO!

A cold wave, accompanied by high winds, reached Waco shortly after midnight and the temperature took a decided drop.

Continued high wind and colder tonight is the prediction of Dr. I. Block, voluntary weather observer. Fears of a frost may be lessened, however, by the last reports as such a stage will not be reached, it is believed.

Local Temperatures.

Daily temperatures furnished by Dr. I. Block, voluntary weather observer, for twenty-four hours ending Friday—Saturday, moderate to brisk northwest winds.

Waco and vicinity—Fair Saturday and Sunday; cold wave Sunday, moderate to brisk northwest winds.

West Texas—Fair Saturday and Sunday, not much change in temperature.

Government Prediction.

Washington, March 14.—Louisiana—Fair Saturday and Sunday; cold wave Saturday, moderate to brisk northwest winds.

Waco and vicinity—Fair Saturday and Sunday; cold wave Sunday, moderate to brisk northwest winds.

West Texas—Fair Saturday and Sunday, not much change in temperature.

BURLESON TO 'PRESCRIBE EXAM'

POSTMASTER GENERAL IS TO PLACE POSTMASTERS UNDER CIVIL SERVICE.

PRESENT METHODS CONDEMNED

Secretary Bryan to Study Present System as it Applies to Consular Positions.

Washington, March 14.—Postmaster General Burleson today began developing his plan to prescribe a civil service examination for fourth-class postmasters. He consulted with Civil Service Commissioner John A. McElhenny, who told him it would be practical to hold examinations that would be true tests of the applicants' ability.

The fourth-class postmasters, nearly 40,000 of them, now are in the classified service, having been placed there by executive orders under the Roosevelt and Taft administrations. Postmaster General Burleson said today that the spirit of the civil service was violated in putting all the offices into the classified service and that he proposed to place them on a strictly civil service basis.

"Many of those who today hold positions as fourth-class postmasters are a result of pernicious political activity. The postoffice department should be a business institution, run on scientific business lines. I intend to use the weight of my influence to make it such."

He added the plan on which he was working was his own; that he had not discussed it with President Wilson.

Bryan to Study System.

The civil service, as applied to the consular service of the government, is a subject that will be studied thoroughly by Secretary of State Bryan in the near future, and it is expected the matter will be taken up with President Wilson as soon as its effectiveness is determined.

It has been reported to Mr. Bryan that of the candidates for consular positions who have passed the civil service test and those now occupying posts under civil service appointments, 95 per cent are Republicans. That only 5 per cent of the successful applicants were Democrats, administration leaders are inclined to regard as somewhat unusual.

JURY CONVICTS THREE

FAMOUS HAWTHORNE MINING CASE CLOSES AFTER LONG TRIAL.

Sentences Imposed Range From Five to One Year in Penitentiary. Long Deliberations.

New York, March 14.—The Hawthorne mining trial, which has dragged along nearly four months before a jury in the federal court here, came to a close today with the conviction of three of the defendants, Julian Hawthorne, Dr. Wm. J. Morton and Albert Freeman, and the acquittal of Josiah Quincy, twice mayor of Boston and assistant secretary of state during the Cleveland administration.

Hawthorne, Morton and Freeman were found guilty of making fraudulent use of the mails in selling stock in the exploitation of Canadian ore claims. Quincy, exonerated by United States Judge Mayer on all counts of five indictments before the case reached the jury, was held not guilty on the one remaining indictment of conspiracy in allowing his name to be used in promoting the scheme. The jury was out twenty-seven hours.

Judge Mayer pronounced sentence on the three men whom the jury had found guilty and held Quincy until next October, when he is directed to appear in answer to two indictments still pending against him. Freeman, a New York business man for twenty-six years, was sentenced to five years in the federal penitentiary at Atlanta. Hawthorne, son of Nathaniel Hawthorne, the novelist, and himself an author; and Dr. Wm. J. Morton, son of Dr. W. T. G. Morton, the first user of ether in surgical operations, were each sentenced to one year and one day at Atlanta.

Freeman's prison term is to date from the first of the present year, and the terms of Hawthorne and Morton from November 25, the day the trial was begun.

Of twenty-seven counts against the three men found guilty, Freeman was acquitted of four and Hawthorne and Morton of seven each.

Judge Mayer granted a ten-day stay to allow an appeal.

Good Rains at Roby.

Roby, Texas, March 14.—Three fine rains have fallen in the last four days, and the season is perfect. Many farmers have begun planting and an early feed crop is practically assured. The only hindrance to raising feed in this section is the frequent inability to get the seed to germinate on account of dry spring months. Now, that we have all the season we need and to spare, we are sure of a crop. Some hail for last night, accompanied by considerable wind, but no damage was done.

Former President of Mexico Gives Advice

PORFIRIO DIAZ

Naples, March 14.—Porfirio Diaz, former president of Mexico, today sent instructions to his friends and followers in Mexico to support the provisional president, Huerta, and work for the re-establishment of peace throughout the republic.

BOY FACES SENATORS

BODY INVESTIGATES CHARGES OF GORE AGAINST DOOR-KEEPER LOEFFLER.

Disappearance of Holtzlaw Certificate in Connection With Lorimer Trial Discussed.

Washington, March 14.—A senate committee spent four hours today investigating charges made by Senator Gore, that an assistant doorkeeper of the senate, Carl A. Loeffler, had been responsible for the disappearance in 1911 of the Holtzlaw certificate of deposit, an incident which figured prominently in the trial of Senator Wm. Lorimer. For over two and a half hours of that time a 14-year-old page, Wm. W. Harris, faced the eight senators present at the hearing, and sustained a severe examination which did not alter his assertion that he believed he had given the paper to Mr. Loeffler.

Mr. Loeffler, who took the stand late in the day, declared emphatically that he had not received the paper, which later disappeared. He said it had never been in his possession. After being produced in the senate February 14, 1911, by Senator Cummins, it passed to the senate of other senators, he said, and he never afterward saw it or heard of it.

The boy, who stood the grilling of the senate committee, was produced by Senator Gore. In his charge in the senate yesterday against Mr. Loeffler, Senator Gore gave the page as his source of information. The boy, who was accompanied by his mother, said he had taken a paper from Senator Bailey during the latter's speech, had shown it to other senators, and that as he started toward the door, Mr. Loeffler intercepted him and took it from him.

Facts brought about by the examination indicated that the paper taken by the page might have been another document that Senator Bailey was exhibiting to the senate. Attempts by the senators to interrupt the testimony by suggestions were several times the cause of sharp comment by Senator Dillingham.

The investigation will not be resumed until the committee has been reorganized by the Democrats.

WILSON CONSIDERS FOUR NAMES

President Expected to Give Prominent Democrats Important Positions. No Announcement Made.

Washington, March 14.—Four prominent Democrats were under consideration by President Wilson today for important offices.

Jos. E. Davies of Wisconsin, secretary of the Democratic national committee, has been offered the assistant secretaryship of war, and if he declines it, may get a foreign post.

George Foster Peabody of New York, former treasurer of the Democratic national committee, is desired for the collectorship of the port of New York. With Secretary McAdoo of the treasury department, Mr. Peabody saw the president during the day and it was said the collectorship had been offered him.

Dudley Field Malone of New York, who has campaigned in several states for Mr. Wilson, has been offered the position as assistant to the attorney general in charge of custom court cases. Mr. Malone is being urged for an assistant secretaryship of state.

Former Governor John Burke of North Dakota, was regarded tonight as the choice for United States treasurer and it is said he has the offer under consideration.

DEATH LIST OF STORM NINETY

PROPERTY LOSS BY TORNADO WILL REACH MANY MILLION DOLLARS.

GEORGIA IS VISITED LAST

Toll In Five Other States Increases as Cyclone Path Is Inspected By Searchers.

Indications from late reports are that more than ninety people were killed, scores severely injured and great loss sustained in the disastrous electrical tornado which swept parts of Georgia, Tennessee, Alabama, Louisiana, Mississippi and Texas Thursday afternoon and night. Eighty odd deaths have been reported and the total loss of life probably will be increased when wire communication is restored in remote sections devastated by the cyclone. The damage to property cannot be estimated but probably will have to be computed in millions.

Twenty-nine persons are reported to have perished in Georgia and damage to property is roughly estimated at \$1,000,000. Calhoun, Gordon county, Georgia, and vicinity bore the brunt of the storm, and this state, where eleven persons are reported to have been killed. The other fatalities in Georgia were nine at Tucker, four at Eagleville; three at Clarkston and two at Columbus.

Late reports from Tennessee have increased the death toll in that state to twenty-seven persons. Six perished in Middleton, four at South Berlin, three at Huron, two each at Cullerka and Lexington, one each at Leesburg, Rally Hill and Bryant Station. Many sections swept by the storm have not been heard from.

The loss of life in Alabama is estimated at thirteen, although several persons still are reported missing. Five negroes were killed near New Decatur, three persons perished at Cahoon, two each at Hoke's Bluff, Gayeville and Duke.

The total deaths in Texas is one. Advice from Louisiana and Mississippi contain advice of no additional deaths, seven having been previously reported in Louisiana and thirteen in Mississippi.

The greatest damage to property was the destruction of buildings and houses, in the sections of the state where deaths were reported. Telephone and telegraphic communication has been restored in most of the large towns and all of the cities in the storm-swept territory.

List of Additional Deaths.

Northern Mississippi: At Alkorn, two killed (names not available); near Safford, Mrs. Thompson, Miss Rosa Brooks; near Guntown, two children, one negro; at Potts Camp, F. M. Fryar; near Sebena, three negroes; at Thompsons, Dr. Barton Waldrep, R. C. Edmondson.

West Tennessee: Near Middleton, Henry Stanley, Joseph Waldrop, two children of the family of Frank McKee, one negro; at Reed, Lexington, one negro; near Lexington, three children of the family of Hubert Brown, James Autry; near Selmer, J. H. McMahon; near Camden, Louis Williams, Robert King and daughter; near Bolivar, Mrs. Brant; near Selmer, two children of J. W. Keister.

Mid-Tennessee: Culeoka, Charles S. Williamson, Mrs. Alice Peebles; Lewisburg, Miss Mary Wilson; South Berlin, three killed, names not available; near Eagleville, Lee Rowland, Mrs. Rowland and two Rowland children.

TWO CARPENTERS KILLED.

Wind Blows Down Tower While Men Are at Work.

Louisville, Ky., March 14.—Two carpenters J. J. Walden and Fred E. Thomas were killed today when a high wind blew down a construction tower at the Louisville Railway company's repair shops. The men were at work on the structure when the crash came and were buried under the debris.

The wind today reached a velocity of sixty miles an hour, the highest on record at the local weather bureau. A number of buildings were slightly damaged.

FAINTS WHEN HEARING VERDICT

Insurance Adjusters Found Guilty of Arson.

New York, March 14.—Henry C. Freeman, accused as a member of the "arson trust," which was revealed through the confession of a convict, was found guilty of a felony in the second degree by a jury late today.

Freeman fainted when the verdict was read. Judge Swann remanded him for sentence Friday.

Freeman, an insurance adjuster, had built up a business of \$400,000 a year, from which he had an income of \$25,000, according to his confession on the stand. The state's leading witness was the convict Isador Stein, known as "Izzy, the painter."

"Izzy" set fire for the "trust," he has testified. His disclosures involved more than a score of adjusters. Freeman is the third to be found guilty. Others await trial. The "trust" is reputed to be a branch of a nation-wide band of incendiaries.

CLUBS FOR GIRLS' AID.

Chicago Women Plan \$2,000,000 Hotel for Workers.

Chicago, March 14.—Chicago women, led by Virginia Brooks, today began a campaign to form 2,000 parish clubs whose object will be the protection of working girls from the influences tending to undermine their moral character. There will be a club formed in practically every church in the city.

Details of a \$2,000,000 hotel planned by the local chapter of the Daughters of the American Revolution for Chicago working girls were made public today. About 1,500 young women will be accommodated.

POLICE GRAFT AT PITTSBURG

Allegation Leads to Shake-up in Department Which Includes Several Magistrates.

Pittsburg, Pa., March 14.—Alleged charges of immorality, drunkenness and incompetency against the Pittsburg police force brought to public attention recently through an investigation of the department and charges before counsel, had a sensational aftermath tonight.

Practically all the higher officers of the force, including magistrates, were transferred to other districts; police inspectorships were abolished; the incumbents being reduced to captains; captains were made lieutenants, and lieutenants sergeants. Seven members of the detective force were reduced to special officers in plain clothes or put in uniform as patrolmen. One inspector was given leave of absence and another resigned. A few days ago the assistant superintendent of police voluntarily resigned on a pension.

The changes tonight were announced by Director of Public Safety John H. Dally, former secretary to Mayor Magee, and a well known newspaper man.

Friedmann Keeps Busy.

London, Ontario, March 14.—Dr. F. F. Friedmann arrived here shortly before midnight with Adam Beck, president of the Canadian association for the prevention of tuberculosis. He will give demonstrations of his treatment for tuberculosis at the Victoria hospital at 10 o'clock tomorrow morning.

Full Crew Bill in Oklahoma.

Oklahoma City, March 14.—By a vote of 26 to 13 the full crew bill passed the senate Friday night. The bill has passed the house and will be sent to the governor for signature. The bill provides that freight trains made up of thirty or more cars shall have a crew consisting of a fireman, engineer, conductor and three brakemen.

NEW METHOD FOR CITIES.

Inefficiency, Lack of Scientific Management, Is Claim.

Chicago, March 14.—Inefficiency in city departments of Chicago or any other city can be wiped out, costly mistakes averted, slovenly management remedied, and, above all, politicians eliminated by the application of scientific management in the city hall, according to Morris L. Cooke, director of public works at Philadelphia, the first city of the nation to adopt this system in municipal affairs. Mr. Cooke held out this honor to an address before the Western Economic Society, which met for a two days' discussion of scientific management.

OFFICIALS INDICTED.

Public Servants of Syracuse, N. Y., Face Charges.

Syracuse, N. Y., March 14.—Forty-eight sealed indictments were returned by the grand jury today after investigation of vice conditions in Syracuse.

In its report the grand jury states that "the public servants of this city and state have been lax in the performance of their duties. Recommendation is made that the segregated vice districts be abolished, that decent halls be placed under the control of accredited matrons and that women be added to the police force."

AN ORDINANCE AMENDING ARTICLE 206 OF THE CRIMINAL ORDINANCES OF THE CITY OF WACO.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF WACO:

That Art. 206 of the criminal ordinances of the city of Waco, beginning on page 181 and concluding on page 193 of the code of ordinances of the city of Waco, compiled by W. R. Saunders and published by authority of the mayor and board of commissioners of the city of Waco under date of November 26, 1910, be and said Art. 206 is hereby amended, so that the same shall hereafter read as follows:

Art. 206. It shall not be lawful for the owner or controller of any animal of the cow kind, horse, mule, jack or Jennet to allow or permit the same to run at large, or be at large within the limits of the city, and the marshal or any police officer shall take up and impound any such animal so found to be running at large, and such officer shall impound any such animal found by any other person to be running at large and taken up by such person and turned over to such officer, and shall, within three (3) days after such animal has been so impounded, post up two notices, one at the court house and the other at the city hall, giving therein a description of such animal, so taken up and impounded, and stating the day and place of sale of same, and not less than five days from such notice by posting as aforesaid, the marshal shall sell such animal at public sale to the highest bidder for cash. He shall charge \$3.00 per head for taking up and impounding each animal and fifty cents per day for taking care of each animal and one dollar per head for selling such animal, which fees so collected shall be placed to the credit of the current fund. After deducting the expenses, he shall return the balance of such sale, if any, to the owner. If no owner shall call for the amount within fifteen days from the day of the sale, then he shall pay the same into the city treasury. At any time within six months after any sale, the owner may apply to the city council, and upon satisfactory proof of ownership, he shall be entitled to receive the amount deposited on account of such sale after paying such costs as may be necessarily incurred to establish his right thereto. The owner of any animal impounded may reclaim the same from the city pound at any time before sale by paying all fees and expenses of taking up and keeping such animal. The city council shall not remit any expenses of taking up and impounding such animals except by two-thirds vote of the full board.

POLICEMAN ADMITS GUILT

Suspended New York Officer Tells of Workings of "System" and of Protection Fund.

New York, March 14.—The "system" was attacked by the state today through John J. Hartigan, a patrolman, who was placed on trial in the supreme court. He gave false testimony as a grand jury witness, it is alleged, in an attempt to aid "men higher up" in the department to escape a net prepared by District Attorney Whitman.

The state's principal witness was Thomas Walsh, a suspended police captain, who has confessed himself a grafter. In a state of collapse, Walsh was assisted to the witness stand. He has been ill for weeks.

Walsh told of a fund raised by police officers as counsel fees for Eugene Fox, a policeman, who later pleaded guilty to bribing a witness to leave the state. The specific charge against Hartigan is that he told the grand jury that he did not act as messenger to get this fund into Fox's hands.

Walsh testified today, however, that Hartigan came to his home direct from Dennis Sweeney, then an inspector, carrying an envelope containing money for Fox's fee. Walsh said he had obtained \$150 from his wife, placed it with the money already in the envelope, making \$950 in all, and told Hartigan to take it to Fox.

Mrs. Walsh testified as to handing her husband \$150 and of over-hearing his conversation with Hartigan.

COUNCIL OF WAR IS HELD

King Nicholas and Crown Prince Danilo Confer With Serbian Commander—Attack Planned.

Gruda, March 14.—King Nicholas and Crown Prince Danilo today held a council of war with the Serbian commander, General Popovitch, to prepare for a new attack on Scutari. Serbian transports have succeeded in disembarking at San Giovanni di Medua, a number of Serbian troops, heavy siege artillery and other war materials.

An artillery duel is proceeding along the whole front before Scutari.

Ambassadorial Conference Today.

London, March 14.—The ambassadorial conference will meet here tomorrow to consider the reply of the Balkan allies to the offer of the European powers to mediate. The reply, it is believed, will fail to supply a reasonable basis for successful mediation. It is assumed that the allies have presented impracticable terms in the belief that Europe is divided into two hostile groups and will be unable to agree to employ coercion against them.

It is stated in Belgrade that the Serbian siege army now preparing to bombard Scutari numbers 42,000 men.

CLAPP AIDING WOMEN.

Senator Declares in Favor of Suffrage Adoption.

Lebanon, Pa., March 14.—United States Senator Moses E. Clapp of Minnesota, was the principal speaker here tonight at a mass meeting in the interest of woman suffrage.

Senator Clapp spoke of the "sister spirit, with its insatiable thirst for plunder, which is interested in the making and administration of law and is found in some form lurking in halls and offices where law is found."

The "professional lobbyist," he declared, "bears the same relation to manhood and womanhood that the procurer does to the downfall of girls."

He predicted that the present generation would see the downfall of the political boss.

"Free government being a moral problem," declared the senator, "it seems to be utterly absurd to hold off the mightiest force of all ages as typified in American womanhood."

A. P. TENISON DIES IN DALLAS

Well Known Business Man and Director in the State Fair of Texas.

Dallas, Tex., March 14.—Following an illness of some months duration in which he was affected with locomotor ataxia and nervous troubles, Albert P. Tenison died early this morning. While the death was not unexpected, it came as a great shock to the family and friends. Funeral arrangements have not been completed, but the services will not be held until the return of E. O. Tenison, a brother, from New York. It is expected that the services will be held Monday afternoon.

Albert P. Tenison was one of the best known business men of Dallas, and was founder of the big firm of Tenison Brothers Saddlery company.

Mr. Tenison was also a member of the board of directors of the State Fair of Texas at the time of his demise and has been a member of the board for the past three or four years. He always took a great interest in the success of this institution and was greatly handicapped by debt and the officers and workers for the institution were discouraged and heart-sick over the condition of affairs.

Mr. Tenison, among other Dallasites, put his shoulder to the wheel and did his share towards lifting the fair out of the mire and putting it on the road to the success that it has finally achieved.

Mr. Tenison was born at Covington, Ky., on January 10, 1859, and was little more than fifty-four years of age when death came. In early life he came to Dallas with his family and practically his entire life was lived in this city. Mr. Tenison was a member of the Shrine, Knights Templar and Scottish Rite Masons. He also united a number of years ago with the Congregational church of this city.

Besides his widow he is survived by one daughter, Miss Lena, and a son, A. P. Tenison, Jr. Three sisters and two brothers also survive.

TELEGRAM SAYS BENGE IS DEAD

Former Roommate Knows Nothing of It—Left Him to Go to Dallas.

R. T. Dennis yesterday received a telegram saying that G. R. Bengé of this city is dead at Coffeyville, Kan. B. C. Halley, who formerly roomed with G. R. Bengé, stated last night that for the past several months since Bengé had been in Dallas, he had been in East Waco they had seen little of each other, but he had talked with Bengé the day before he left Waco.

Bengé had been living in Waco between three and four years. He was for two years with the Rube Stratton Furniture company and for part of a year with R. T. Dennis. A few months ago he became associated with A. R. Spencer in East Waco, and the firm was known as Bengé-Spencer Furniture company.

Mr. Bengé was March 5, stating to his partner that he was going to Dallas. Since that time nothing has been heard from him until the report, contained in a telegram filed at an Oklahoma office, arrived to Mr. Dennis stating that Bengé was dead in Coffeyville, Kan., and had been buried there March 12. The man who telegraphed said that there was nothing on the body to identify the man, but that he had formerly known Bengé personally.

DENNETT OFFERS RESIGNATION.

No Change Will Be Made in Land Office Now.

Washington, March 14.—There will be no new head of the general land office for at least thirty days to come. This was made plain today when Commissioner Fred Dennett handed his resignation to Secretary Lane, of the Interior department and the latter requested that it be withdrawn for thirty or sixty days. Mr. Dennett complied with the request.

Mr. Dennett, who has been at the head of the land office for five years, will practice law here. It is understood that there are a number of applicants for the position.

Naval Enlistments Increase.

Washington, March 14.—Naval enlistments at recruiting stations last month exceeded those for March of last year by 171 men. The total enlistments since the first of the year have pleased navy department officials. The low mark was reached December 24 last, since which date there has been a net gain of 186 in the enlisted complement.

LA FOLLETTE AND WILSON CONFER

PAYS FIRST VISIT TO WHITE HOUSE IN THREE YEARS FRIDAY.

DISCUSSION IS NOT ANNOUNCED

Tariff Revision, Currency Legislation and Alaska Subjects Believed Taken Up.

Washington, March 14.—Senator La Follette made his first call tonight at the white house since more than three years. He was the invited guest of President Wilson and spent almost an hour with him in his study in the executive mansion. He would make no statement as to the purpose of his visit, but it has been an open secret for days that he was expected to discuss matters of legislation with the president.

President Wilson is known to hold the progressive republican senator in high regard. He watched his career for many years as governor of Wisconsin and as United States senator. He referred to Mr. La Follette in terms of praise in many of his speeches during the campaign for the presidency. It was generally understood that he wished especially to get the views of Senator La Follette upon tariff revision, currency legislation, Alaska and the effect of physical valuation of railroads, as provided for by congress in the closing days of the last session. The conference tonight was merely preliminary to others to be held later as the situation in congress develops.

Other progressive senators will be asked to the white house from time to time, and the president hopes many of them will find it consistent to line up with the democrats in passing what he believes is progressive legislation.

Tonight's discussion between the president and Senator La Follette was not intended to lead to a final exchange of opinions in regard to subjects that congress will be called upon to consider. It was a meeting arranged for taking up briefly several of the broad subjects which would lead to more minute consideration in the near future. Common ground on which both could stand on many issues was indicated by the president's desire to have any discussion at all with Mr. La Follette.

Senator La Follette was closest with the president from 6 to 7 o'clock. Apparently he was in good humor when he departed, for, although he would not talk about his visit, he joked with the newspaper men who were waiting to see him.

"This is my first visit in three years to the white house," he said in answer to an inquiry. "I came once after the special tariff session called by President Taft, but I wasn't received."

"Well, how do you feel now?" he was asked.

"Fine," said the senator, as he got into his automobile. "Fine," he repeated, as the newspaper men came closer to hear why he was feeling so fine after a reappearance at the white house and a long talk with a democratic president. "I never felt better than I do now. I have been in excellent health for two years."

TESTIFIES FOR FIREMEN.

Former Employee of Government Tails of Wage Scales.

New York, March 14.—Railroad firemen have not received their proper share in revenue gains of the eastern railroads during the past ten years, according to a statement of W. J. Lauck, of Washington, statistician formerly employed by the United States tariff board, testifying today for the firemen before the arbitration board in the dispute over the men's demands for increased pay and better working conditions.

Mr. Lauck presented figures to substantiate his claims. On the basis of these he declared:

"The exceedingly large share which stockholders have received from the railroads during recent years as compared with wage payments to locomotive firemen is apparent. It is evident also that locomotive firemen could be given increased rates of remuneration without interference with the returns of capital investment."

Railroad rails with renewable treads, consisting of strips of hard steel to be fastened into their heads, are the invention of a French engineer.

The Theatres

The benefit for Gibson Gayle, at the Auditorium, will be tonight, the attraction being Fritz Scheff.

An advance notice says: "Fritz Scheff in Joseph M. Gaiter's production of 'The Love Wager,' a new opera of Hungarian origin and atmosphere, will appear at the Dallas opera house Tuesday and Wednesday nights, March 18 and 19. The story is from the Hungarian, and the libretto has been written by Edith Ellis, Gary Duncan providing the lyrics, and the composer is Charles J. Hambitzer, a musician whose exceptional talents were discovered and fostered by Fritz Scheff here in Dallas. 'The Love Wager' gets its title from the plot, which deals with a wager made by Mital (Fritz Scheff), the fascinating and mischievous child of a Hungarian widow, that she will give a handsome lieutenant one kiss for each of her three children if he succeeds in marrying them off. He agrees to find husbands for all of them, and by a series of incidents succeeds in making three of his friends propose in succession. This makes Mital the eldest unmarried daughter, and she wanted to be married, for according to Hungarian proposals, only the eldest single daughter may receive marriage proposals. But when the lieutenant comes to collect his three kisses there is an unexpected misunderstanding, but ultimately, of course, he gets his three kisses as well as the charming Mital. The cast provided by Mr. Gaiter is unusually strong in vocal abilities and is headed by George Anderson, who last season was the leading baritone with Miss Scheff in 'The Night Birds.' Others supporting Miss Scheff are Harry Stone, Jack Henderson, Harry Edwards, Mildred Rogers, Tena Rabbano, Inez Bauer, Florence Martin, Lea Mascagni, Cecil Renard and a chorus of fifty."

Archdeacon Hudson Stuck is Well Known in Texas—Was Dean of Dallas Church.

Fairbanks, Alaska, March 14.—Archdeacon Hudson Stuck, an Episcopal missionary, Dr. Fairbanks yesterday with three companions to attempt to reach the summit of Mt. McKinley. Mr. Stuck is taking a complete outfit, including scientific equipment with which to make observations, and establish the exact height of the great peak, which is approximately 29,000 feet. He expects to reach the summit about May. The party will follow the route over which Thomas Lloyd of Fairbanks made the first ascent in 1910.

Rev. Stuck Well Known in Texas.

Dallas, March 14.—Archdeacon Hudson Stuck, mentioned in the above dispatch, is well known in Dallas. For a number of years he was dean of St. Matthews Cathedral in this city. Dean Stuck left Dallas more than ten years ago to go into the missionary work in Alaska. Since that time he has visited Dallas once.

During his labors in the far north, Archdeacon Stuck has endeared himself to thousands of men who have carved out their fortunes in the gold fields. He chose the Alaskan missionary field with its arduous service, rather than much higher honors in the field of activities of the Episcopal church, which might have been his.

During a considerable period of his Alaskan work, Archdeacon Stuck had with him Dr. Grafton Burke, a former Dallas young man, the son of Dr. W. C. Burke, of this city. The young physician, injured to the hardships of the north, has worked with Mr. Stuck through several years.

At the Hippodrome.

A press notice says: "Lost Paradise" will be played for the last time tonight at the Hippodrome. The production is considered one of the best put on since the company opened.

The cast calls for the entire company and all have a chance to do some good work. The machine shop scene is very realistic, with its workmen and revolving machinery, trip hammer and forge. Then comes the strike and the demand for higher wages. The master workman, and he and the millionaire's daughter accept each other for life and the strife ends with justice for all.

ONE FARMER DIES.

Woman Admits of Plans Preceding Fight.

Fort Worth, Tex., March 14.—Charles Dunn, one of the farmers who engaged in the duel at Kennedale Tuesday night, died early this morning. His opponent, Adams, is still alive, but death is expected momentarily. Mrs. Adams admitted to officers in a statement yesterday that she and Dunn had planned to elope. Adams learned of this, his wife admitted, and the fight followed.

Joke on President Wilson.

Washington, March 14.—President Wilson today found himself reading an application for a postmaster's office in spite of his rules not to consider applications for minor offices in person. W. T. Hepler of Lompoc, California, sent to the president a card which did not look as if it were loaded, but when the president unscrewed the top he found that the postmaster had enclosed a request that a friend be appointed postmaster at Lompoc. The president referred the application to the postmaster general.

Senate Cuts Expenses.

Washington, March 14.—One mournful expert masseur and two mournful assistants, who ever since the senate opened buildings' luxurious baths were offered have smoothed the wrinkles from the brows of worried and care-ridden senators, have been told they will be taken from the pay roll of the senate. Under the Democratic control of the upper branch the reform is to be instituted at once for Senator Overman of North Carolina has issued the decree.

DR. AND MRS. W. O. WILKES DINE ROBERT LEE HENRY

As one of the special courtesies for the return visit from Congressman Henry, Dr. and Mrs. W. O. Wilkes had dinner guests on Friday evening.

MR. AND MRS. EDWARD ROTAN DINE ROBERT LEE HENRY

As personal courtesy to the visit at home from Congressman of R. L. Henry, Mr. and Mrs. Edward Rotan formed a small dinner party for Thursday. In this, the personal pleasure of meeting friends was given Mr. Henry. Several joined the company later in the evening in an altogether informal but none the less pleasant way.

MISS WILLIAMS HONOREE MRS. LANHAM HOSTESS

To ten guests, Mrs. Howard Lanham said, have luncheon with me and meet Miss Dora Williams from Tennessee. In provision for this coming, Mrs. Lanham prepared a luncheon course, full of pretty surprises as well as of delicious dainties, and in serving, detained her guests more than two hours, at her prettily dressed table. The pink carnation, a profusion of smiles, the lit candles on the buffet, and the Easter chick, each with her Easter bonnet as plate favors—these were some of the details brought to such a finish and with such pleasure to those who chatted through the time, and furthered acquaintance with Miss Williams. The plate cards found the names of hostess and honoree, with the Mesdames Holloway Smith, T. C. Edmondson, Percy Willis, Walter Reese, Bart Moore, G. B. Foscoe, Nicholas Hamner of Dallas, Frank Wells.

MABEL WITT'S BIRTHDAY AN EXCITING EVENT

For thirty little girls, the thirtieth birthday of Miss Mabel Witt of South Third street was an all important event. It was rather a unique event, too, in that it was the thirtieth birthday, on the thirtieth of the third month, in the thirtieth year of this century. In all, the idea prevailed for Mrs. J. M. Witt, the mother, had the guessing contest of thirteen words, and sent the rhymed invitation as a "lucky" thirteen. Pink was the prevailing color tone, even to the little hostess' frock. The cream brick found the initial traces, and there was a card as well as the lawn was utilized, and an all around jolly time spent by the little playmates, neighbors and school mates remembered by this popular young hostess, on her altogether lucky thirtieth party.

SURPRISE FROM MRS. CLARK ON HUSBAND'S BIRTHDAY

Mrs. Edwin Clark in quite a quiet way suggested to a company of friends that she would expect them for dinner on the thirtieth, it being a birthday in the household. And the friends went. And the friends felt indeed privileged that they had been the favored ones. Mrs. Clark surprised the husband, who is nothing if not the genial host in his home. The table was beautifully dressed in the pink tone which always shows to advantage. A nine course wine dinner was served amid the usual smokes, jokes, and merriment of a stag company. Several friends of Mrs. Clark were in the background. When it was found that the "ladies" speak last, there was adjournment for a round of the down town picture shows, and a more general jollity. Mrs. Clark wrote the place cards for this brilliant birthday compliment to Erwin Clark, the name, Judge George Clark, Russell Kingsbury, Coke Horne, Francis Winter, W. S. Witt, R. C. Brown, P. V. McClain, Nathan Patton, William Holt, M. M. Cuthan, Leslie Gardner and William Neale.

LITTLE ALICE DEWEY HAS BIRTHDAY PARTY

All of three years old this time, Miss Alice Dewey celebrated her birthday on Thursday afternoon. It being the Easter tide, of course the rabbits had to be especially good to this happy little girl. So, her real white bunnies came into the parlor to tell her wonder guests that they had laid a nest for each one, and that these were hidden all about in odd places and there must be a hunt. And a hunt it was. When found, the nest proved a basket full of tiny chicks, and eggs, and other Easter tokens. Next, there was the cutting of the birthday cake, after tiny Alice had blown out her third candle, to make place for the fourth when again her little friends would be wakened. The ring was found in Foster Fort, Jr., the thimble by Gertrude Wilson, the dime by Margaret Lord and the button by Georgebell Bryson. Nor was this the end of this wonderful party. The mother had a beautiful Easter table with more Easter things, and something for every little sweet tooth. And Miss Alice gathers her friends once a year, and with each, her increasing age when she can better understand, makes her the happier. Invited for this, her third birthday party, were Misses and Master James Bass, Edward Bolton, Betty Rowell, Jettie Picklen, Joe Mitchell, Regina Prade, Mary Louise Scott, Harland Watt Cross, Jack Davis, A. V. Cross, Mildred Lee, Mildred Womack, Mary Louise Moore, Eugenia Early, Kathleen Suzanne Carroll, Alma Louise Geer, Sallie C. Geer, Dorothy Rylander.

A Beautiful Complexion IN 5 MINUTES

If you are fortunate enough to have this skin, catch your eye, you'll be one of the happiest women in the world. You'll be absolutely guaranteed to give a beautiful complexion in 5 minutes. ABOUT FIVE MINUTES! It is the glory of the world's toilet there has NEVER at any time been such an effective and safe skin treatment. YOU CAN TRY AND BE CONVINCED BEFORE you spend a single penny. Thousands of the finest Parisian society women are using this skin treatment. Here's a woman who has used it for two years in Europe, and during my travels I discovered an old Parisian physician making Face Examining. Five minutes is all that's needed to give you a perfect complexion. I tried this preparation and was completely amazed at the results. I was delighted. I was thunderstruck—I could hardly believe my own eyes. From him I purchased the formula and I completely control it throughout America.

Two months ago, I gave out a few samples to some friends of mine, and since that time I have been literally swamped with requests for this Face Examining. Women have begged me at my home—inspired me to give them more of my preparation. Now a company has been formed to market this skin treatment. Make your own happy this month.

You can be among them if you desire. Make Face Examining. Examines every blemish, freckles, blotches, blackheads, large pores, liver spots, and all other skin troubles. Five minutes is all that's needed to give you a perfect complexion. I tried this preparation and was completely amazed at the results. I was delighted. I was thunderstruck—I could hardly believe my own eyes. From him I purchased the formula and I completely control it throughout America.

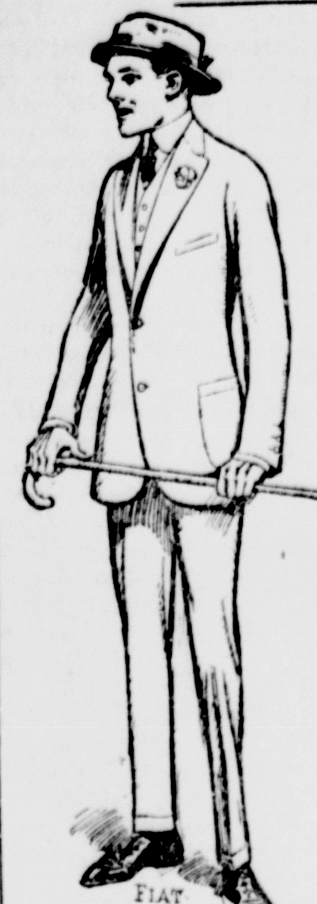

Keep your skin in exquisite condition. Put on fresh every day. Ladies carry it in their purses. It eradicates wrinkles—removes blemishes—keeps the skin moist and prevents chapping. It is the most perfect skin preparation in the whole world.

And now, in order to introduce it to the masses, we announce that upon receipt of 50 cents in stamps or coin, to help pay packing, postage, time spent in preparing, etc., I will mail every lady a generous sample to carry in her purse. I know as well, I will mail every lady a generous sample to carry in her purse. I know as well, I will mail every lady a generous sample to carry in her purse.

After you have received your package, let your lady friends try it. The results are amazing. I will mail every lady a generous sample to carry in her purse.

LEGISLATORS ATTEND SHOW.

Eighty-six Members Visit Fort Worth on Special.

Fort Worth, Tex., March 14.—Eighty-six members of the Texas legislature are guests of the Fort Worth Horse and Stock show today. They arrived on a special train this morning at 7:30 o'clock and left at 11 o'clock tonight. The Chamber of Commerce is the host of the day, entertaining the legislators tonight at the horse show.

This is Cleburne and Waco day at the show. The horse show closes tonight and the stock show tomorrow afternoon.

Postmaster's Assistant Busy.

Washington, March 14.—One of the busiest of the many busy government officials in Washington for some time to come will be Daniel C. Roper of South Carolina, who today took oath and assumed the duties of first assistant postmaster general. While no longer connected officially with the house ways and means committee, he will continue for some time to act

in an advisory capacity as tariff expert of the committee, which position he held before taking the assistant secretaryship.

Newspaper Man Found Dead.

Mobile, Ala., March 14.—David B. Harris, for many years connected with newspapers in Alabama, Tennessee, Louisiana and Mississippi, was found dead seated in a chair in his room here late last night. He was connected with the staff of the Mobile Register at the time of his death, but at various times had been connected with the Montgomery Advertiser, New Orleans Picayune and other leading papers of the South.

President's Daughters as Autoists.

Washington, March 14.—Miss Eleanor Wilson, the youngest daughter of the president, and her elder sister, Miss Jessie, are taking lessons in preparation for running an electric automobile through the streets of Washington. Practice with the little car is going forward in the avenue between the executive offices and the state, war and navy buildings.

Mother's Club Has Big Crowd.
A packed house greeted the mothers and children of the North Waco school at the entertainment presented by them at the Christian church on Eighteenth and Herring avenue last night.
The program was greatly enjoyed by all present. Two acts were presented. "The Old Maid's Club" being a big hit with its many comical situations. The other part of the entertainment was "The Flower's Awakening."
The proceeds went to the library fund and to the church.

Have You a Disordered Stomach and Liver?

Do you start the day feeling that the whole world is against you? You cannot hope to "make good" under these circumstances. Nobody can. You must have a clear brain and every organ in perfect trim to do justice to yourself.

Dr. Pierce's Golden Medical Discovery

Will Bring Quick Relief

Dr. R. V. Pierce found years ago that a glyceric extract of Golden Seal and Oregon grape roots, queen's root and bloodroot with black cherry bark, would aid in the assimilation of the food in the stomach, correct liver ills and in nature's own way enrich the blood, tone the entire system and consequently help in the restoration of perfect health. Many who have used Dr. Pierce's Golden Medical Discovery testify that they have been restored to health when suffering from stomach and liver ills. Let this famous old medicine start today to lead you to health and strength.

Now—if you prefer—you can obtain Dr. Pierce's Favorite Prescription tablets of your druggist at \$1 per box, also in 50c size or send 50 one-cent stamps to R. V. Pierce, Buffalo, for a trial box.

You can learn all about hygiene, anatomy, medicine, etc., from the People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a newly revised, up-to-date edition of which is now offered, in cloth covers post-paid, for 31 cents in one-cent stamps, to cover cost of wrapping and mailing only. Address, Dr. Pierce's Invalids Hotel, Buffalo, N. Y.

Don't be poisoned by sluggish bowels. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar coated, tiny granules.

The Best Physicians Gave Him Up

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. J. E. Lively, of Washburn, Tenn., Route 2, Box 2. "All my friends thought I would die and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My case had run so long, it had become so chronic, that I had lost all my strength, and I had been told that I would never be able to get well. But Dr. Pierce's medicine has done much for me, and I highly recommend it. I heartily advise its use as a spring tonic, and further advice all people to take Dr. Pierce's medicine before their diseases have run so long that there is no chance to be cured."

WOODMEN ADOPT DISTRICT RULE

IN SELECTION OF SOVEREIGN DELEGATES BY THE HEAD CAMP CONVENTION.

STORMY TIME DURING VOTING

Hunnicut of Marlin Leads the Fight for the Change in the System.

Dallas, March 14.—Seas over which the Woodmen convention sailed this morning were rather stormy. The main point of the discussion was a resolution proposed by the committee on resolutions No. 1, regarding a reform in the manner of electing sovereign delegates to the international council. For a while chaos reigned in the convention and only a compromise in the end saved the meeting from tumult of a lasting nature.

Shortly after the meeting opened Head Consul Lewis Rogers, who presided at the morning session, called for reports from committees. At the word Judge Hunnicutt of Marlin rose and as chairman of a committee, read the following report:

"We, the committee on resolutions No. 1, beg to make the following resolution in our report:

"Resolved, That the law governing the election of sovereign delegates be amended so that delegates for each senatorial district shall be elected by the duly accredited delegates to the head camp convention of the said senatorial district."

The present method is by open election at head camp conventions.

Uproar is Caused.

Instantly the house was in an uproar of applause. It seemed the unanimous wish of the delegates that this rule be adopted, and they made it known in no uncertain terms. Cries of "That is good," came, and when Judge Hunnicutt offered the resolution a motion to second came from a hundred throats and the delegates on the floor rose and almost to a man cried: "Question!" Chairman Lewis Rogers sounded his gavel for quiet and rose to speak.

"The resolution you have just heard read is contrary to the national and fraternal insurance laws," he said in a voice that could be heard all over the building. "I therefore rule the reading out of order." And the ruling went into effect almost immediately upon the fall of his gavel.

In an instant Judge Hunnicutt was on his feet asking for the floor, while pandemonium reigned in the house. Cries of "Speech!" were heard everywhere, and a general cry of "No! No!" to the ruling of the chair. Mr. Rogers ruled Judge Hunnicutt out of order.

Mr. Chancellor of Cleburne, then got the floor and shouted "I offer an amendment to the resolution!" Instantly he was ruled out of order by the chair. (Cries from over the hall of "Appeal to the house!") Mr. Chancellor then said:

"I offer the following resolution." Again he was ruled out of order, with instructions to put his resolution in writing. He retired and began preparing it at once.

Judge Hunnicutt speaks. Judge Hunnicutt was then allowed to speak. Addressing the delegates, he said:

You have just heard the motion overruled by a technicality. I am no parliamentarian, and the point of the chair may be correct from that standpoint. But I do know what is right sometimes. He was interrupted by a volley of cheers and cries of "You bet you are" and "Give it to them straight."

"I say we have the right to name whom we want from our district," continued the speaker. "And not leave it in the hands of the delegates who do not take the time to investigate. We are on the ballot, much less get acquainted with them. My resolution

is a step toward democracy and fair play. He was cheered for several minutes by the throng.

Mr. Perkins Gives Views. Chairman Rogers then introduced Delegate T. W. Perkins of McKinney, former state senator and a prominent newspaper man of that section. Mr. Perkins was well known and raised his hand for silence, which was given him at once. He began:

"Gentlemen, you have heard a resolution read before the house, and it brings up an old question—one that has been brought up in nearly every body of electors in any period of time. I remember four years ago while serving in the legislature, fighting actively in just such a campaign as has opened this morning. It is the election of representatives from the senatorial districts. I think the unit vote in the convention is best."

Instantly the convention was in an uproar again. Nothing could be heard above the tumult except the cry of the speaker, and voices from all over the house, crying, "No, no, you are wrong!"

Time and time again Mr. Perkins raised his hand for silence and Mr. Rogers beat a tattoo with his gavel, but to no avail. The force of the outburst expended itself naturally. Then the speaker continued: "I think any man has the right to say what he wishes, if every man in this house differs with him, and I intend to do so. The main point of this talk I am making is this: Under your proposed reform, ring politics will have full sway." Again he was interrupted by a storm of protest, but managed to continue: "The boys from the forks of the creek and the small camps will be overruled by a few politicians who will get every appointment from the senatorial districts and represent you in the sovereign councils." He sat down amid cries of "We know who we want" and "You are wrong."

Amendment is Voted. Here Mr. Chancellor got the floor and was welcomed by cheers. He spoke briefly. "I have withdrawn my resolution for the one by Judge Hunnicutt, that has been remedied. I want to say this, however. The method proposed is the only intelligent way to choose delegates. I myself voted the lengthy ballot in head camp election in perfect ignorance for whom I was voting. We must change that. What we want is a body of men who are chosen by delegates who are acquainted with them, at least. I would not want to serve as a delegate without the approval of my district and in a hearty way."

He sat down while the delegates cheered him to an echo. Immediately followed Judge Hunnicutt's amendment, which was that delegates shall be chosen by their district, and the action ratified by the head camp convention and that delegates at large be chosen as heretofore. It was admitted to vote, thus ending what for a while threatened to be a scene of action, to say the least.

Place of Meeting Chosen.

The most stirring session of the Woodmen convention was held when the convention in open session voted on the place of meeting for the year 1913. Fort Worth was chosen after a sharp discussion and many votes. The elimination method was used, and the towns were dropped in rapid order until Temple and Fort Worth alone stood the test. Then in a line-up vote each side of the Coliseum Fort Worth was in the majority, and so one proposed to make the action of the convention unanimous in the matter. This was done in a most generous manner by the entire delegation.

CONFEDERATES TO MEET.

Pat Cleburne Camp to Favor San Antonio for Next Reunion.

Plans are being made by Pat Cleburne Camp of Confederate Veterans to try to get the reunion of the veterans brought to Texas in 1914. San Antonio is the city suggested.

There will be a meeting Sunday at 3 p. m. at the courthouse of the camp, held in conjunction with the daughters of the Confederacy, to make arrangements for annual decoration day, April 28.

The local camp of veterans is discussing the matter of selecting a sponsor for Texas to the reunion which is to be held this year at Chattanooga, Tennessee. The name of Miss Lacey of Waco has been suggested and this will be one of the matters brought up at the meeting Sunday.

Banker Under Arrest.

San Francisco, Cal., March 14.—Charles F. Baker, assistant cashier of the Crocker National bank, was charged today with the embezzlement of \$100,000 in a warrant issued for his arrest. He started as a messenger in the bank. Rupert T. Hopper, head of the trust department of the Mercantile Trust, is under arrest charged with embezzling \$14,000.

FOR PURITY SQUAD

DALLAS PLAIN CLOTHES MEN TO ARREST MASHERS ON STREET CORNERS.

To Censor Vaudeville Houses—Local Managers Ask Why Grand Opera Was Not Molested.

Dallas, March 14.—Police Commissioner Louis Blaylock this morning gave orders to Chief of Police John Ryan for the appointment of a "purity squad."

The new special police detail will consist of six plain clothes officers, four of whom will be assigned to moving picture show duty, while two will devote their entire time to hunting down street corner "masHERs" who insult girls. They will assume their duties Saturday morning.

According to the police commissioner, he has received many complaints concerning the plays and acts staged by certain Dallas play houses. People have told Mr. Blaylock that ladies in abbreviated skirts wait and prouette nightly at some shows as star vaudeville attractions.

"I have issued orders for the assignment of a special police detail to handle the vaudeville show proposition," says Commissioner Blaylock. "They will attend the local playhouses and will arrest any person making a vulgar joke from the stage. They will also issue warnings concerning the costumes of women performers. If they are not observed arrests will follow. Many complaints from the patrons of local vaudeville houses have necessitated this measure, and I intend to close up any theatre that disobeys the police regulations."

"The street corner 'masher' has become a pest," says Chief of Police John Ryan. "There is no reason why men should be allowed to insult girls with impunity. The 'masher' artfully plans his actions on the street corner while the officer on the beat is engaged elsewhere. I have detailed two plain clothes men to look out for 'masHERs' exclusively. They will patrol the downtown districts at points from which we have had many complaints."

Local vaudeville house owners say that their shows are decent. They declare that women and children are welcomed to them with no fear that anybody may be offended.

"If there was any kick coming regarding scant costumes for women performers, why did not the authorities take some action during the grand opera season?" says one vaudeville house proprietor. "The larger theatres have women clad in tights appear in the scenes and no objection is made. As to the vulgar jokes, I think that every theatre manager in Dallas is as anxious to suppress them as the police."

15 CENTS FOR COTTON

SLOGAN OF SOUTHERN STATES CORPORATION TO HELP FARMERS.

Convention is to Meet in Dallas Latter Part of April—Invitation to Every One.

Dallas, March 14.—A convention that will mark a new epoch in the cotton growing industry of the southland will be held in Dallas April 28 to May 1.

This convention will not be local in character, but will be attended by thousands of people from all parts of the south, who are vitally concerned in a legitimate value for cotton.

Cotton growers, merchants, bankers—people in all walks of life—will be in evidence, and it is expected that this convention will place prominently before the world the fundamental features of a plan that is destined to become a decisive factor in marketing the cotton product of the south.

At this convention will be inaugurated in full effect the campaign for the coming season—the plan worked out by the Southern States Cotton Corporation. This plan is a significant feature of more than 250 cotton growing counties, and has already afforded relief to thousands of farmers. It is the plan that puts the farmer squarely "in business" and gives him a voice in the sales method.

This movement, purely patriotic in character, means not only an ultimate 15 cent price for cotton, but a dependable market system for the future, and concerns the welfare of every man, woman and child in the south.

The Texas organization, opened by W. B. Yeary, vice president, was opened one year ago in Dallas, and is growing by leaps and bounds. From a single office it has enlarged until it now occupies a greater part of the fourth floor of the Slaughter building, with a large office force and equipment. A significant feature of the importance of Dallas is shown by the fact that the general offices of the corporation are being moved from Atlanta to Dallas. President George Dole Wadley has located in Dallas and in the future the operations of the entire south will be directed by him from Dallas. The auditing department is being opened, and all details arranged for the systematic handling of the new crop. A subsidiary company, handling the stock of the corporation, is also opening offices.

The convention will be held at the Fair Park Coliseum, April 28 to May 1, and every Dallasite is expected to

do his part to make it a success. Low rates will doubtless be made on all railroads.

A Paris scientist has developed a method for quickly purifying the interior of barrels used in a brewery with electrically-produced ozone.

Big Cotton Convention

DALLAS

April 28--May 1

Every man, concerned in the best interests of the Southland, owes it to himself to attend the big COTTON CONVENTION to be held in Dallas, April 28th to May 1st.

This will be a monster rally, attended by thousands of people in all walks of life, and from all parts of the South.

The convention will doubtless place prominently before the world the wonderful work being accomplished by the SOUTHERN STATES COTTON CORPORATION, in establishing a stable price for cotton, and a DEPENDABLE MARKET SYSTEM for the future.

The convention will be held at the Fair Park Coliseum, and aside from the advantages of a trip to Dallas, the broadening benefits derived by contact with leading men of the South concerned in cotton, cannot be estimated.

OXFORD AND CAMBRIDGE TIE.

Latter Makes Best Showing, However, During Day.

London, March 14.—Oxford and Cambridge tied with five events each in their fiftieth annual athletic meeting at Queen's Club, London, today.

Oxford won the weight putting, hammer throwing, high jump, one mile and three miles, while Cambridge carried off the 100 yards, quarter mile, half mile, 120-yard hurdles and broad jump.

Cambridge, however, made the best showing. H. S. O. Ashington made a new intervarsity record of 23 feet 5 1/2 inches for the broad jump and, but for a bad start, D. Gordon Davies would have lowered the quarter mile record. He was actually left five yards at the start, but a splendid start on the home stretch landed him the winner by six yards, only 8-5 of a second above the record.

Yale President Ill.

Los Angeles, March 14.—Reported to be on the verge of a nervous breakdown, President Arthur T. Hadley, of Yale college, arrived yesterday at the summer home of E. M. Pratt, brother of Mrs. Hadley, who accompanied her husband.

IN DICTIONARY FIND SYMPATHY

THIS IS THE ADVICE WHICH COMES FROM ST. LOUIS FRIENDS.

TO THE PINCHED WRITERS

Sporting Editors Here Receive Bunch of Stage Money to Help Out in Trouble.

"Your trouble recorded in Friday's paper. You will find sympathy and assistance in the dictionary. This from your loving friends."

The above is a copy of a letter received by Frank Parker, sporting editor of the Globe-Democrat. It was sent by Charles Peterson, the champion red-ball billiard shot of the world, who conducts a billiard parlor in St. Louis. Accompanying the letter was a roll of stage money which was intended for Parker to use in paying his line on a charge of gaming. Parker was among the newspaper men and exclusive guests who were pinched Tuesday night.

The letter was signed by a dozen of Parker's warm friends and below was attached the following clipping from the St. Louis Times:

"Waco, Tex., March 12.—Hospitality is full of holes, like an old hat that's been plunked with ten-penny nails. Because some one alleged some of the scribes were gambling in their rooms, the police of this village descended on their apartments in Mr. Levinson's Nativatorium hotel at 2:30 o'clock this morning and arrested Garret Palfrey, photographer; Clarence Lloyd of the Post-Dispatch; Wood of the Republic; Frank Parker of the Globe-Democrat; and Silverman, a traveling man from St. Louis.

"They were booked at police station and charged with gambling. Gus Klemme of the St. Louis Star escaped by jumping through a window, circling the police guard at the door and getting into bed.

"Assistant Secretary Hiram Mason had just come to the room prior to the 'pinch,' and was detained. Later he escaped and was not booked upon assurances of his associates that he had just entered.

"The crowd was compelled to go to the police station under guard and to post a bond of \$50.

"Goes to Bed Early; Escapes.

"The charge was gambling, although the police secured no tangible evidence, such as dice or cards. The 'pinch' created great excitement in the hotel. Most providentially, your correspondent went to bed early and escaped the calamity.

"The mob assembled at city hall at 9 a. m. today, where the police magistrate presided, smoking a cigarette. Drunks and similar offenders were tried while the evil, wicked gamblers were compelled to wait."

The defendants were tried before Police Judge Wren yesterday morning and dismissed for the lack of sufficient evidence. The police raid on the scribes was very spectacular, as the above article would infer, although it might be a little bit overdrawn.

There has been a lot of talk since this raid was pulled off and the Waco people who have met the newspaper men who are guests here, have expressed regret that the social gathering in the apartments was interrupted in this way. The sporting editors will be able to write several stories for their papers on the very strict enforcement of the law in Waco, the very thorough manner in which the town is policed and to tell how a "quiet tip" to the regular force beats the Burns' dictaphone to catch up with criminals. When the case came into court the charge fell of its own weight, there was no evidence to prove that the room was "habitually" used for gaming, and the peace and dignity of the Cotton Belt depot across the street had not been disturbed.

EXHIBITION GAME SUNDAY BETWEEN VETS AND 'KIDS'

The first public exhibition game between the veterans and the recruits of the Waco Navigators will be played Sunday afternoon at Katy park. Carson will use the regulars with the club last season on the team that will be designated the Regulars and only recruits will work for the Yannisians. In other departments some of the old players may fill in on the team of youngsters.

The game between the Baylorites and Navigators this afternoon will be called at 3 o'clock. Carson will use as many recruits in this game as possible.

The Waco club is progressing satisfactorily during the training season, and Carson is certain that his team will be in shape before the beginning of the season. Getting soreness out of muscles and schooling his players to take care of their wind is the plan pursued by the manager since he congregated his aggregation here for practice. If the pitchers have cut loose too soon it has not been while Carson had an eye on them.

DEMETRAL WINS BOUT

MANGOLF TOOK FIRST FALL AND LOST AFTER HARD TUSSELE.

Bout Is Featured With Spectacular Wrestling—Adolph Ernst Challenges Winner or Loser.

The condition of Bob Mangolf is perhaps all that saved William Demetral from going down two straight falls when they met at the Auditorium last night in a finished wrestling match. Mangolf won the first fall in 25 minutes and 30 seconds, but the last two falls went to Demetral, who claims the light heavyweight championship of the world. He won from Mangolf for the second and third falls in 13 minutes 30 seconds and 16 minutes 50 seconds respectively.

The Waco fans perhaps have witnessed several wrestling bouts featuring with spectacular and scientific holds, but they never had a better occasion to see two men get on the mat who can assimilate as much punishment without taking a fall as Demetral and Mangolf.

The condition of Demetral was better than that of Mangolf, as evidenced when the principals stepped on the mat, but that did not deter Mangolf from working consistently throughout the match. He should be given due credit for forcing a third fall. There have been many wrestlers faced Demetral and gone down without the fight Mangolf put up. He succeeded in turning Demetral for the first fall with a head hold and an arm lock, which the Greek tried hard to break. The fall was unexpected, as Mangolf a half minute before was held fast with a body scissor that wore hard on his mind.

The fans cheered Mangolf and the majority of them were with him in the match, but he could not get away from the cleverness of Demetral for the second fall and went down after great punishment. The third fall was gained after the wrestlers had bumped several ringside spectators off their chairs and torn down the rear scenery of the stage in rushing each other across the mat. The last fall was gotten with a toe hold and a head scissor, and Demetral held on of the leg rank and broke when Mangolf met the champion wrestler in Omaha about two and a half years ago.

Adolph Ernst challenged the winner or the loser of the bout for a finish match. He was a ringside spectator and said he was willing to work with either of the men. Mangolf told the referee that he did his best, and Demetral said he would meet Ernst providing he could cancel his engagement in Detroit on March 21.

The only feature that served to mar the enthusiasm of the match was one man who perhaps never saw a wrestling bout before and took the liberty of yelling "frame-up" regardless of who won.

BAT NELSON IN DIVORCE SUIT

Wedding Bliss of Short Duration. Worry Causes Dane to Go on Vacation.

Denver, Colo., March 14.—Mr. and Mrs. Battling Nelson, together with their attorneys, Joe Latimer, for the Dane, and John T. Bottin, for Mrs. Nelson, who was Pay King, a local newspaper cartoonist, held a conference tonight to effect a compromise before the filing of a suit in divorce if possible. Following the conference all parties concerned and attorneys refused to talk.

Battling Nelson will take a vacation immediately after his week is up at the local playhouse, his manager having cancelled all engagements during March and April. Worry over marital troubles (John Robinson, his manager, says, he loved Mrs. Nelson deeply) is given as the reason of retirement.

PLAY BASEBALL ON ROOF.

Players Perform 200 Feet Above Street Level.

Chicago, March 14.—Sky scraping baseball played 200 feet above the street level is the newest sport adopted by employees in the main building of the Chicago Telephone company since the mild weather has made outdoor playing possible. A baseball diamond has been laid out on the roof of the new building and two teams organized. Every day during the noon hour the teams play a few innings.

This diamond is enclosed by a six foot wall and the roof is so large that no one has yet been able to bat the indoor ball out of the "grounds."

Pope Plus Recovered.

Rome, March 14.—Pope Pius has practically recovered from his recent illness. The Vatican doctors are now only endeavoring to build up the pontiff's strength which was reduced by his indisposition.

DARKNESS ONLY PUTS BROWNS OUT

ST. LOUIS VISITORS ROMP AT WILL AGAINST BAYLOR LINEUP.

17 TO 2 IN THE EIGHTH

College Men Get Look-In Just Before Final Curtain—Error Nets Them Talies.

When the dust cleared off Carroll Field last night, George Stovall gave the signal for his recruits and a few of the old players to beat it for the hotel, the sporting writers who were keeping a line on the game, began to figure and by verbal agreement decided that the game ended 17 to 2 in the eighth inning, with the St. Louis Browns on the long end. Baylor would not have scored if the professionals had maintained the same pace through the last inning.

It didn't particularly matter to the Brown recruits who aspire to wear an American league uniform this season who was pitching, if they knocked the ball all over the lot and beat out infield hits that under ordinary circumstances would have been easy outs. The game ended in the eighth inning on account of darkness. Coach Glaze worked fifteen men in the field and sent in several extra hitters in the last try.

Brief, the first baseman and outfielder from the Michigan league, was the candy kid with the willow, although several of the St. Louis players would have liked to have the game's averages included in the official score of the season. Brief was up six times and was credited with four singles and one double. Roche was the sensation of the game. He singled, made three sacrifice hits and stole one base. Walsh hit to left field for three bases in the sixth inning.

The Browns started the scoring in the second inning. Brief started the inning by striking out. Graff singled; Walsh was hit by a pitched ball; Roche singled to right field, scoring both runners. Crossin singled to right, advancing Roche to third. Adams walked. Johnston was safe on an infield hit, scoring Roche. Bonin beat out a bunt and scored Adams. Sloan hit to left field and was safe when Williams dropped the ball at first scoring Johnston. Brief doubled to right field, clearing the bases. Graff was out on a high foul.

In the third inning the Browns announced another tally and got two in the fourth inning off Henry, who relieved Crossin in the box. They were held scoreless in the fifth and scored twice in the sixth on a hit, a sacrifice, a triple and another sacrifice. The infield hits in succession followed by two sacrifice hits, netted three scores in the seventh inning. The tally sheet was boosted two more in the eighth on two errors, a hit-and-run play and a single to right field.

The Baylor boys evidently did not have their batting eye with them yesterday. The first hit was made in the first inning by McMahon, who spiked himself at the beginning of the second and had to retire from the game. He was replaced by McLean, who was playing short, and Story was sent in to take care of the short field.

Not a single player reached second until in the third, when Story doubled to the right field fence. He was caught napping off the base and was an easy out. The next rally started in the eighth inning. Collier singled to center, Story advanced him to third with another double to right, and both players scored when Walsh failed to handle the ball. St. Louis' bat Franklow struck at three fast ones and the game was over.

Event for Free Legged Horses.

Detroit, March 14.—The Detroit driving club announced today that at its twenty-ninth annual blue ribbon meeting, to be held here from August 11 to 16, there will be a stake race for free legged horses. A number of horse owners asked for a class where their steeds would not be obliged to meet the hobblers.

The Merchants' and Manufacturers' stake of \$10,000 for 204 trotters established in 1889, is renewed with the same conditions as last year, also the Chamber of Commerce stake of \$5000 for 212 pacers, established in 1896.

GUNBOAT SMITH LANDS ON WELLS FOR FINAL COUNT

New York, March 14.—Gunboat Smith, the California heavyweight, knocked out Bombardier Wells, heavyweight champion of England, in the second round of a scheduled ten-round bout at Madison Square Garden here tonight.

A right on the point of the jaw was the blow that finally put the British champion out after he had weakened under punishment.

Wells had all the better of the first round, jabbing his left repeatedly to Smith's face and cleverly blocking Smith's attempts to counter. A hard left hook followed with a left and right to the wind, puzzled Smith. He made wild attempts to land, missing several swings, while Wells got in lefts and rights to the face and a right uppercut on the neck. Smith was wild throughout the round, only succeeding in landing a couple of lefts to the face.

Wells came out of his corner for the second round smiling and confident. Smith rushed at him, landing a hard right in the stomach. Smith rushed again, knocking his left to the head and landing a right overhand swing to the jaw.

Wells went down for a count of five and got up dazed. Smith was right on top of him, hooking left and right and with a left hook to the jaw and a right swing to the back of the head sent Wells down again for a count of nine.

Wells struggled to his feet, but was hardly able to raise his hands in defense, while Smith crossed his right foot to the joint of the jaw, sending Wells down and out.

TEAMS ARE NAMED

Y. M. C. A. MEMBERSHIP CAMPAIGN IS TO BE LIVELY CONTEST.

Will Score as in Baseball—Prizes for Those Who Get Best Results.

A novel all round contest is being put on at the Y. M. C. A. for the purpose of increasing the membership of the boys' department as well as affording the youngsters a lot of fun. The contest will take the form of a big baseball league, with a system of scoring arranged that will take in several features of the work for boys being done by the association.

The idea is to get a number of new boys into the big camp which is to be held at the close of school for the junior members of the Y. M. C. A. and to carry on a more extensive work for boys this summer.

Four teams will be in the race. The captains were elected last night and their teams will be chosen this morning at 10 o'clock at the association building. The following is the scoring code:

Every dollar brought in for membership counts a 2-base hit. His fees extra for payment in full for membership.

Each base in the game counts in the scoring as a base hit.

Track meet at the close of the contest counts base hit for every point.

Base hits will be awarded for special events from time to time.

The following conditions will be observed:

No one may join for less than a year.

No boy may pay less than one-fourth his fees.

No man may pay less than one-third his fees.

Prizes to Be Awarded.

The team finishing first will be awarded a cup.

The team finishing second will be awarded a pennant.

The individuals bringing in points will be awarded as follows:

First—Attendance at the camp free.

Second—One-half camp fees free.

Third—One-fourth camp fees free.

Fourth—One-fifth camp fees free.

The contest will close May 23 at 6 p. m. and the big banquet for the participants in the contest will be held that evening at 7:30. At this big feed no one will be admitted unless he has to his credit at least one base hit.

A button will be given to each boy who secures a base hit. Each boy who joins during the contest will count for the side to which he joins and will be counted as a contestant on the side on which he joins.

The lively crowd of boys that assembled last night at the building showed every promise of getting into the fight with all their energy and a battle royal is expected.

The captains elected last night were: Fred, captain over 14 and A. V. Prescott, his field captain, under 14, of team No. 1; U. Farrow, captain with A. Don Hicks, field captain, team 2; Ben Boynton, captain with A. L. Wolberg, field captain, team 3; R. Genecov, captain with A. Chas. Boynton, field captain, team 4.

Lost Woman Identified.

Atlanta, Ga., March 14.—An aged, infirm woman who gives her name as Mrs. Lena Smith and says her home is in an Oklahoma town whose name she has forgotten, is lodged in the matron's ward at the local police station today. She believes she is in Memphis, Tenn., and has steadfastly maintained since she was found wandering aimlessly about the streets yesterday that she is searching for her son. She cannot recall his name, she says, and can give no additional information about herself. She is penniless, but apparently has not suffered from want. City authorities are making every effort to learn her identity.

President's Guard Assigned.

Washington, March 14.—"Jimmy" Sloan, the secret service man who has guarded the president for the last ten years, was assigned to be head of the secret service detachment at the white house. Sloan knows more public men probably than any other man in the white house. L. C. Wheeler and L. R. Jervis, the two secret service men who served at the white house during Mr. Taft's administration, have been assigned there, also.

ENTIRE ST. LOUIS AGGREGATION LEAVES ON SOUTHERN INVASION.

RECRUITS GO TO BEAUMONT

Stovall's Club Will Return Monday. Carson and Glaze After Exhibition Games.

After putting in a hard day's work yesterday, the St. Louis Browns last night left over the Houston and Texas Central for an invasion of Houston and Beaumont Saturday and Sunday. In addition to the manager and thirty odd players, President Hodges, Secretary J. J. Mason and several newspaper representatives accompanied the team.

Manager Stovall will lead the regulars through the series at Houston and Lou Criger, the veteran catcher now coaching the Browns, will have charge of the recruits for an invasion of Beaumont. The players are fast getting into shape. Many were a little stale yesterday on account of the cold weather but the playing was pretty nifty in the game with the Baylorites in the afternoon.

When the team returns to Waco Monday, both Manager Carson of the Navigators and Coach Glaze of the Baylor team will insist on another exhibition game. Stovall has not promised any dates, but it is likely that a game can be arranged for the week days.

ATHLETICS DEFEAT FT. WORTH

Texas League Team Lacks Scores at the Finish.

Fort Worth, Tex., March 14.—The Philadelphia American regular team defeated Fort Worth in an exciting game here this afternoon, 3 to 0. A long running catch by Walsh, which probably robbed Allen of a home run in the fifth inning, was the feature.

Score—Philadelphia 100 100 01—3 5 1. Fort Worth 000 000 000—0 4 2.

Batters: Coombs, Brown, Bender, D. Murphy and Thomas, Lapp; McCafferty, Appleton and Vance.

TEXAS LEAGUER GETS RELEASE

Detroit American Manager Lets Two Players Out.

Gulfport, Miss., March 14.—Manager Jennings of the Detroit Americans today announced the release of First Baseman Lizzett and Outfielder Frierson. Lizzett came from St. Mary's College, Oakland, Cal., and Frierson from the Texas league.

The team will split in two squads Sunday morning. One squad under Jennings going to New Orleans for four games and the other squad, under Coach McGuire, goes to Baton Rouge. Friday the club leaves for the north for the opening game at St. Louis April 10.

BUSINESS DEALS GOOD

BRADSTREET AND DUN REPORTS ARE GENERALLY PLEASING.

Some Lines Show Increase—International Money Markets Easier. Much Building Activity.

New York, March 14.—Dun's review tomorrow will say: Business activity is steadily maintained and in some lines shows an increase, although sentiment continues conservative, especially as regards speculative transactions. The international money markets are slightly easier, as the outlook for peace in the Balkans has improved and the German position strengthened by accumulations of gold, drawn in part from the United States. Weather conditions are responsible for some decrease in activity in the shoe trade, but on the whole retail distribution is large and the spring outlook favorable. Building operations are increasing.

While there has been no expansion in actual sales of pig iron, specifications in finished lines are of record breaking volume. The textile industries and dry goods distributing trades are in a wholesome condition, although merchants are not overstocking. While there has been some shading of the price of wool, the woolen and worsted mills are exceedingly well employed. Prices of cotton and the leading grains tend downward, but there is little speculation. Reports from principal trade centers are for the most part satisfactory.

Bradstreet's Report. New York, March 14.—Bradstreet's tomorrow will say:

Industrial reports continue to present favorable aspects, although some branches of textiles manifest more or less concern about the effects on the future trade of tariff changes, the general situation throughout most sections of the country is characterized by good consumptive demand. Reports about winter wheat are in the main favorable, and preparations for new crops are going forward. The grain movement in the northwest and the corn belt is heavy, but elsewhere it tends to recede. However, an early and heavy movement during the latter part of the week is indicated.

Open weather enables outdoor construction work to display activity; farmers are beginning to call for their spring help, the railways continue to do well and operations in the steel and iron industries are active.

Demand for money is active, rates are firmer and tension over sea, together with domestic wants incident to spring farm work and forthcoming heavy settlements, will make for continued high rates. Stock market operations characterized by weakness of strength, later reflect deficient buying, with the general tendency to back and fill.

Business failures during the week 248, which compares with 241 in the like week of 1912. There were 34 failures in Canada.

CONDITION OF ALLEY

CITY MARSHAL HOLLIS BARRON DISCUSSES THE HITCHING ORDINANCE.

Cannot Keep Patrolman Standing There—Commissioner Littlefield Said News Complied With Law.

Taking up a copy of The Morning News shortly after the city commission began its session yesterday morning, Police Chief Hollis Barron, referring to an editorial in the paper, said he wished to make a statement to the commission with reference to it. The editorial called upon the administration "publicly" to do what "private requests" had failed to do—make sanitary the alley between Austin and Washington from Fifth to Sixth streets and to enforce the city ordinance relative to hitching horses in a permanently paved alley.

Chief Barron said he believed he was the object of an unmerited roast, that instead of being roasted he should have the co-operation of the citizens in securing the enforcement of the laws.

With reference to the hitching nuisance, which the editorial said, "was creating an unhealthy condition from a sanitary point of view," the chief said he had conferred with Messrs. Quarles, Smith and Harris and had asked each of these gentlemen, of The Morning News, to call up the department whenever a horse was found to be hitched in the alley, assuring them that he would send a man down and have the horse taken up to the city hall enclosure.

He said that he had not received a single call. On the other hand, he declared that his men could not be in the alley all the time, but must be on the front streets, where most of the people are. A man might hitch in the alley between the rounds of a patrolman.

He insisted that he did not think he had been treated properly in the matter, that he had been doing all he could to enforce the ordinances of the city and that so far as the nuisance went that he was not endeavoring to abate the hitching nuisance and enforce the ordinance covering this point. It was false and he would tell the men who wrote it that it was false.

As for the rubbish on the lot in the rear of The News office being littered with paper and other trash, he said he had found in the past that The Morning News itself had been chiefly responsible for such a condition.

Commissioner Littlefield interrupted, stating that The Morning News had gone the full limit toward keeping the place clean about its building, that a receptacle for holding old papers, made under the supervision of the fire marshal, was now in use and that no complaint of conditions along the alley could be laid at the door of The Morning News, so far as he had been able to ascertain. He understood that tenants over The Morning News were charged, however, with throwing trash out of the windows.

Fire Marshal Dan Nicholson stated.

plemented the statement of Commissioner Littlefield, saying that The Morning News had its place in excellent condition and could not be blamed for the conditions complained of.

Mayor Mackey, speaking to the police chief, advised that if The News force is to blame for unsanitary conditions in violation of a city ordinance, that the chief send a policeman down there and arrest the whole lot and kaboodle of them, "when these violations occur."

Chief Barron said that another thing that he wanted to point out was the fact that The Morning News route carriers, coming into the alley with their horses early in the morning, hitched their horses there and blocked the alley. He stated, however, that he would "know what to do now."

Mayor Mackey again advised that he send a policeman down there and arrest every carrier who violated the city ordinance in this respect.

The statement by the police chief that he had not received calls when the ordinance was violated is probably a fact. Complaints have been made to police headquarters on special occasions, The Morning News assuming that a complaint to headquarters was all that was necessary. Yesterday a complaint was made and an officer responded. The horse was standing with his fore feet on the pavement and the buggy to which the horse was hitched was not in the alley. This was held to be no violation of the law.

The business manager of The Morning News has instructed the carriers not to stand their horses in the alley and they have been told they do so at their own risk.

FILM CAUSES FIRE HOWELL L. TAYLOR

BLAZE IN A MOVING PICTURE SHOW ON ELM STREET FRIDAY.

J. T. Seay Badly Injured, His Hand Being Burned—There Was No Insurance.

Yesterday afternoon at 4:30 a film exploded in the Union Palace, a moving picture theatre on Elm street in East Waco, badly burning J. T. Seay, the operator and part owner of the theatre. Seay, with his brother, W. M. Seay, were in the booth together at the time of the explosion. J. T. Seay, who was operating the machine, says that he noticed the film which his brother was handling was becoming to it, when the rewinding of the machine allowed the film to touch the rheostat which was heated. There was an explosion of the film, followed by those of the other films, five altogether, which were in the booth.

J. T. Seay, was badly injured, the flesh of both hands being burned to the bone. His face was not burned, but his hair and eyebrows were singed. W. M. Seay was not injured.

There were about twenty-five people in the theatre at the time of the explosion. All made their escape. The fire was communicated to the front of the house and was burning rapidly when the fire department arrived. The fixtures of the place were somewhat damaged by the fire and water. The contents were valued at \$1,200. The Seay brothers carried no insurance.

The building is owned by Frank Neimer, having been sold to him two or three years ago by W. D. Wallace, who erected the building about twenty years ago. The front wall of the building bulged several inches and is somewhat dangerous to passersby.

Officer Coke Buchanan roped the place off immediately after the discovery of the condition of the wall.

Mr. Seay stated last night that he and his brother came from Taylor about a month ago and had put all they had in the theatre. He lives at 427 Sherman street, East Waco.

Mr. Littlefield said that a cow, to some of the poor people of Waco, means a great part of their living. That being unable to pay the \$5 fee on time, and with the per diem fees constantly increasing, it might at some time cause the sale of a man's cow when her escape from his lot was purely accidental.

Cauley and Littlefield, after the ordinance had passed its first reading, stated that at best they could only hold it over three weeks, and consented to its passage under suspension of the rules.

The ordinance was recommended by the city attorney.

W. Roy Christian and Ray L. Dudley, representatives of Baylor University to the presidential inaugural and from the Class of Journalism, returned yesterday from New York after a trip of two weeks.

The young men occupied a separate section in the part of the inaugural pageant given over to the college boys in front of New York City college. Baylor University enjoyed the distinction of being the furthest distant school to send representatives.

These two students, with the women from the San Antonio Suffrage League, were the only college representatives at the great parades of inaugural week.

While in Washington Mr. Christian dined with Ogile R. Singleton, the vice president of the Intercollegiate Democratic League of America, on which occasion the project of organizing the college men of Texas into the league was discussed.

From the capital the students went to New York as the guests of Moxie Craus, a Baylor graduate, now a student at the Pulitzer school. After an inspection of the School of Journalism, the young men returned by way of Philadelphia, Pittsburgh and St. Louis as a sightseeing tour.

HAS BEEN MADE FIRST ASSISTANT OF THE COUNTY ATTORNEY.

Walton Taylor Gives Up Position to Devote His Time to His Firm.

Following the resignation of Walton D. Taylor, who gave up the work that he might devote his entire time to the practice of law with his firm, County Attorney John B. McNamara yesterday afternoon appointed Howell L. Taylor, an assistant heretofore, chairman of the city Democratic executive committee and a leader of the progressive wing of the Democratic party in this city, to be his first assistant. Another assistant to fill the vacancy made by the promotion of Mr. Taylor will probably be named by Mr. McNamara within a short time.

Howell Taylor, son of Judge J. W. Taylor, was educated at Baylor University, the University of Texas and the Chicago University. The county attorney believes he possesses every quality requisite to the office which he now holds. He was a charter member of the Young Men's Business League, and since its organization has been an active part in the building of a greater Waco.

Walton D. Taylor made the following statement as to his resignation as first assistant county attorney yesterday:

"I resigned because I did not have time to properly attend to my civil practice. My duties as a member of the firm of Baker, Neff & Taylor take all of my time. My association with Mr. McNamara has been pleasant and agreeable. I am proud of the honor and distinction of having been appointed his first assistant. I have never known a finer character than John McNamara. He is, aside from being an able lawyer, broad minded, capable, courteous and considerate to others, and especially to his assistants. I believe that when his term of office expires he will have made one of the best officers McLennan county has ever had. It is with much regret that I sever my connection with his office. I shall always feel grateful to him for the many favors he has shown me, and especially the honor of being his first assistant."

IMPOUND FEES ARE HIGHER CAME HERE FROM KALAMAZOO

New Ordinance Makes It More Expensive for Stock to Be at Large.

Representatives of Striking Corset Workers Are Visiting Union Organizations in Waco.

Misses Nellie Abshire and Iva Hall of Kalamazoo, Mich., are in Waco in behalf of the striking corset workers of that city. The strike has been on for over a year, some 400 women workers striking.

The two young women arrived in Waco Wednesday and have appeared before some of the labor organizations. They will remain in Waco some two weeks.

Their work is not altogether to seek financial aid, but to present conditions under which the women corset makers in Kalamazoo work, to the public through women's clubs, labor organizations and other ways. Their demands when they struck were principally for a minimum wage of \$5 a week and better sanitary conditions.

They state they have received excellent treatment in this section, and find labor is better organized than in many other sections of the country. Besides themselves, there are six other workers engaged in different parts of the states in similar capacity.

The young women went before Local Union No. 622 of the carpenters Thursday night and presented their case.

POLK EASTER'S SON BURIED Is Victim as Innocent Bystander in an Affray in Hotel in San Antonio.

The funeral of Stanton Easter, a colored waiter, who was born and reared in Waco, and who was shot in San Antonio Tuesday morning, was conducted from the residence of James Easter, 1000 North Eighth street, yesterday at 3 o'clock.

Easter was employed at the St. Anthony hotel in San Antonio, as the checker. He was on duty when shot, being the victim of a bullet intended for another. Two of the employees of the hotel became engaged in a fight, and one of them drew a pistol. Easter was pushed between the two and was killed almost instantly.

He was the son of Polk Easter, now dead, who was widely known here, having run a hack line in Waco for years. Stanton Easter was 27 years of age. He received his training as a waiter at the Metropole hotel. He was taken from the bell stand in the lobby by Hugh Shannon, the head waiter at the Metropole. Shannon had charge of the funeral arrangements for the United Brothers of Friendship, a colored organization, of which Easter was a member.

Polk Easter in his lifetime was a substantial citizen among the people of his race. He was known and liked by the old citizens of Waco.

Sanger Clothes FOR SPRING

Designed By the Best Men's Clothing Artists and Fashioned By the Best Tailors

To the men who are still clinging to the theories of the past and look upon custom tailoring as the only means of satisfaction, Sanger Clothes will be a wonderful surprise.

Designed by the highest salaried designers—fashioned by the most experienced and high priced tailors—these Suits for men and young men carry with them the assurance of individuality—a certainty of perfection—that even excels most made-to-order productions. With the wide variety and generosity of value that are possible only in the magnitude—and the painstaking detail makemanship that are supposedly exclusive features with the tailor. The clothes we show are master tailor productions—but at most reasonable prices.

Local News Notes

On motion of Commissioner Cauley, the Roach-Mannigan Paving company was paid \$12,973.50, the last installment for the laying of the pavement on Franklin street, between Eighth and Eleventh.

Flannigan Brothers and Pritchett were authorized yesterday by the city commission to begin the paving of Ethel street from Nineteenth to Twenty-fifth street. Ordinance covering the paving was passed under suspension of the rules.

W. C. McCollum will audit the city books under a contract of \$50, the audit to cover a period of one year. His bid was formally accepted by the city commission yesterday morning.

The petition of the residents of South Eighth street asking that the name of the park on this street be "Harrington Park," was granted by the city commission yesterday morning on recommendation of Commissioner Cauley.

Carpenters local union No. 622 met Thursday night and initiated six new members. The report is that the organization is growing every month. Suit was filed in the Nineteenth district court yesterday afternoon by Albert Krenz et al against Henry Strohmeyer for partition of certain properties.

Report From Grand Jury. A partial report was made by the grand jury late Friday evening before the body adjourned until Monday. Included in this report were the following true bills:

Arthur Bucks, three counts, forgery. Mace Townsend, burglary. Adolpho Garcia, aggravated assault to murder.

Dave Mabry, theft from the person. Ed Harris, theft over \$50. Claude Hawkins, theft over \$50.

Deaths and Burials

M. Bishop. Stopping in Waco on the way from Palestine to his former home in Stamford, in the custody of his brother-in-law, M. Castle, death overtook M. Bishop, member of a prominent Texas family, while suffering from a mental trouble. He died yesterday afternoon, a trained nurse and a physician being in attendance.

Mr. Bishop, with his brother-in-law, was past owner of large hardware business in Stamford and it is stated that he had done some traveling for some time. At Palestine his mind became affected and his brother-in-law went to take him home.

When they first reached Waco they stopped at the Exchange hotel, but the patient became unruly and was removed by his brother-in-law to the county jail, under the eye of Jailor Ed Costley, where he died.

DELAY BY TRACTION COMPANY

Discussion at Commission Regarding the Tract on North Twelfth Street.

Considerable discussion arose in the city commission yesterday morning as to just when the Southern Traction company will be required to begin work laying new rails on its Twelfth street line so that the Texas Bitulithic company may carry out its paving contract on that street. The commission, as a whole, insisted that the work be begun by the traction company at once, Chief Engineer Dean and Allan D. Sanford, attorney for the traction company, asking for delay in order to get in some of the necessary material.

Commissioner Gorman stated that the traction company might use lighter material than at first contemplated and the delay, if this was desired and would facilitate their work.

It was finally agreed that a representative of the Bitulithic company, the traction company and Mr. Gorman would meet and discuss just when the work should be started.
